

FinnComfort®
An *investment* in your
health and well-being.

FinnComfort® is meticulously handcrafted luxury European comfort footwear built to last. Although the durability of our shoes is almost legendary, new soles or footbeds may be required from time to time. FinnComfort® shoes are easily repairable and resoleable. Factory original parts and components are available from your authorized FinnComfort® dealer, who will also offer competent and reliable support in every other respect.

FinnComfort®
The Ultimate in Health and Comfort.

New fold-out format

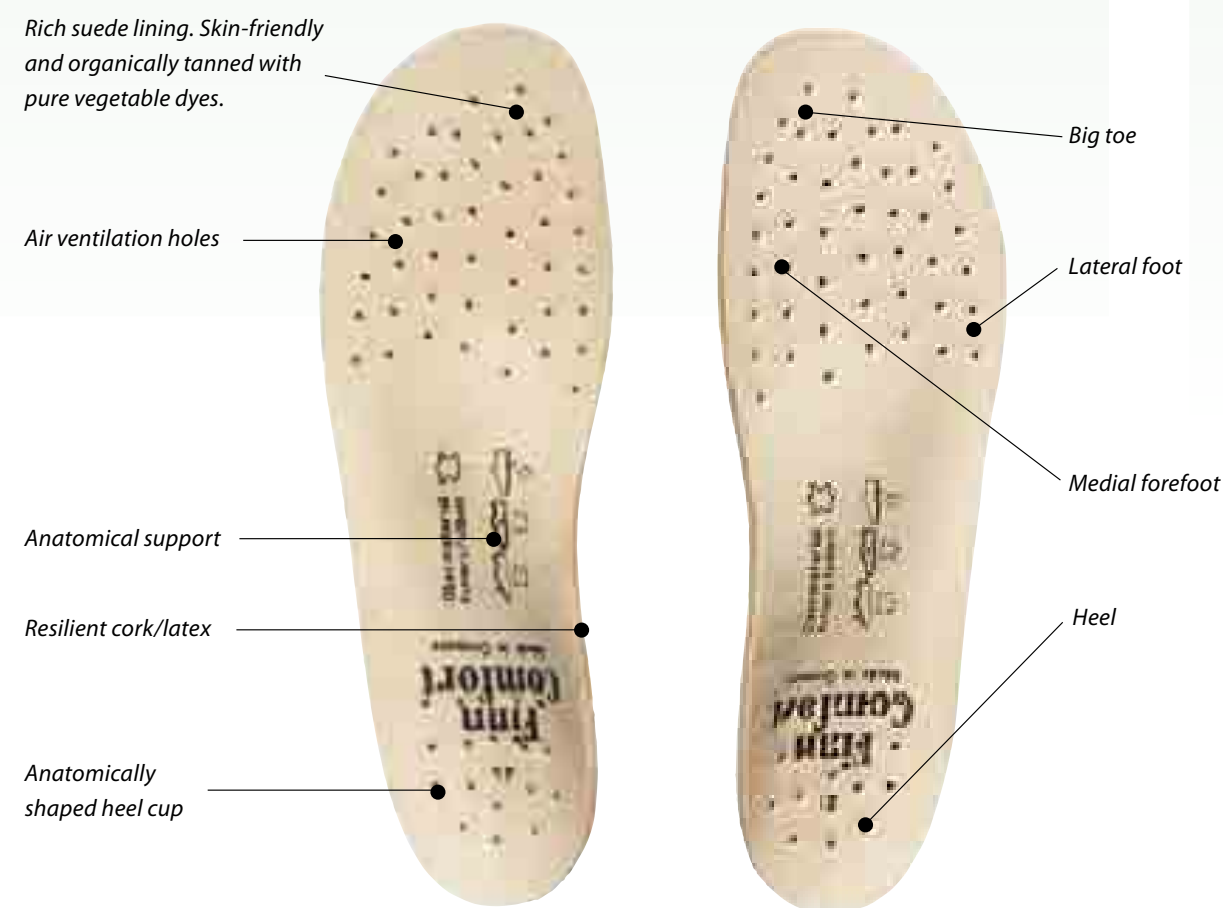

Double your pleasure

Supple and shock-absorbing, the **FinnComfort® Classic Comfort Footbed** ensures effortless walking all day long. Its anatomically correct orthopedic design provides serious support with every step.

For an invigorating foot massage, the Classic Comfort Footbed is easily replaced with the **reflex zone massage footbed**. Massage footbeds may be sold separately.

The Super Comfort Footbed

The anatomically-shaped Super Comfort Footbed enhances the natural heel-to-toe rolling motion via the heel, lateral foot, medial forefoot and big toe. The all natural Classic Comfort Footbed may be removed overnight for airing. It can also be hand washed with mild soap and warm water 30°C / 86°F.

Comfort benefits at a glance

The comfort shoe with wonderful interchangeable footbeds.

The Reflex Zone Massage Footbed

The FinnComfort® *Reflex Zone Massage Footbed* precisely stimulates the reflex zones on the soles of your feet. An invigorating break whenever you wish to revitalize body and mind.

Increase wearing time slowly from 5 minutes to a maximum of one hour daily and experience the unique feel-good effect. *Reflex Zone Massage Footbeds* may be sold separately in certain countries.

Reflex zone footbeds are not suitable for diabetics!

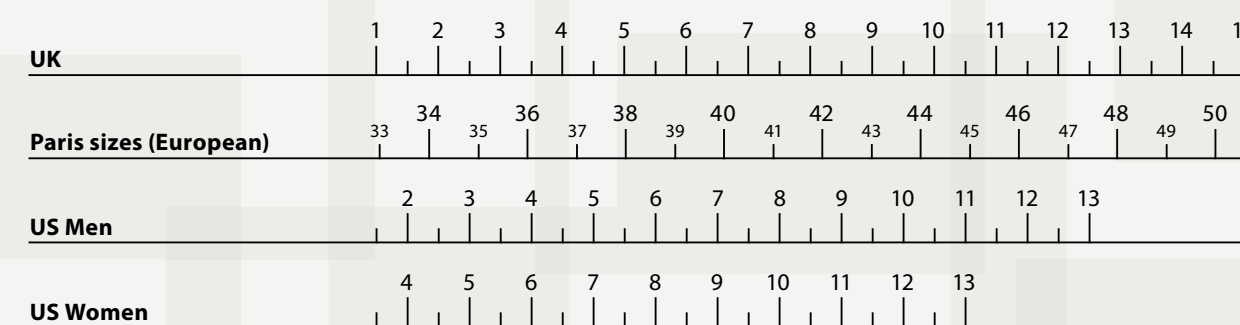

Numerous well thought out refinements guarantee durability and a high degree of comfort. It is our attention to details that makes FinnComfort® a **product of unsurpassed excellence**.

- 1 Pleasant to wear** thanks to padded topline
- 2 Healthy and comfortable walking** owing to the anatomically-shaped Super Comfort Footbed
- 3 Breathable** thanks to finest leather lining
- 4 Flexible toecap** eliminates pressure points
- 5 Foot motion guidance** thanks to the solid heel counter
- 6 Every step is cushioned** by the concave depression in the heel base and shock-absorbing materials in our outsoles
- 7 Air circulation and climate control** thanks to ventilation channels in all closed hand-stitched shoes

Our newly expanded Finn Comfort® headquarters located in Hassfurt (Bavaria, Germany) boasts state-of-the-art production and logistics facilities.

Dear Valued Customers,

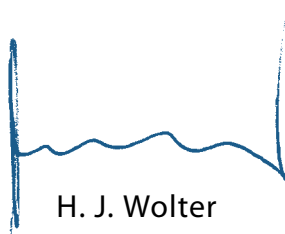

By purchasing FinnComfort® footwear, you choose **brand quality** “**made in Germany**” because we are committed to manufacturing our products exclusively in Germany. Exquisitely comfortable, FinnComfort® walking shoes are largely hand-made using only the finest materials. Our world-class quality, optimal fit, unparalleled support and legendary durability will satisfy the most demanding user.

Our exceptional quality is based on many years of experience and on close partnership with our loyal customers. Your confidence in us is our most valuable asset. Our mission is to set the highest standards for our products and services, which we constantly strive to perfect.

All FinnComfort® products are meticulously handcrafted in Hassfurt (Bavaria) in order to offer you **exquisite comfort shoes** which will last you a long time and provide you with years of comfort and support. We maintain and create jobs in Germany, we are committed to our region and we will continue manufacturing in Germany in the future.

New in our product range are **wool felt clogs** because they have recently become increasingly popular – and for good reason: These climate-regulating felt clogs keep your feet cool in the summer and warm on cold winter days.

We believe in quality – made in Germany! Let us persuade you.

H. J. Wolter

The **Finnamic shoe** reduce pressure while walking, accompanies and carries you through the day.

Finnamic

The personal trainer for your feet.

1. Rockered soles for gentle and cushioned walking

2. Wide and flat mid-section for secure and relaxed standing

3. Rockered forefoot section encourages a natural heel-to-toe rolling motion

Finnamic shoes are personal trainers for your feet. Gentle on joints, knees, disks and spine, they help tone and strengthen muscles to make you fit for the day's demands. Even around the clock. Step by step the convex sole design helps increase **strength and stamina**.

Finnamic. Simply healthier walking.

Our feet are part of the body that takes the most punishment. They carry our entire weight and are constantly stabilizing the body's center of gravity. Finnamic's rockered heel design encourages gentle and low-impact heel strike and gently and effortlessly guides the motion impulse from the lateral foot via the medial forefoot to the big toe. The broad, flat and stable mid-section relieves unnecessary strain on the foot while stabilizing the body. Finnamic provides optimum balance and fit.

The Finnamic rocker sole corrects poor posture and improves body alignment

The natural heel-to-toe rolling motion

Thanks to its unique design and sole concept, Finnamic shoes can be worn all day long problem free. Because the strain and relief phases alternate constantly, you can increase your fitness and vitality easily and in comfort.

FinnStretch

Walk naturally.

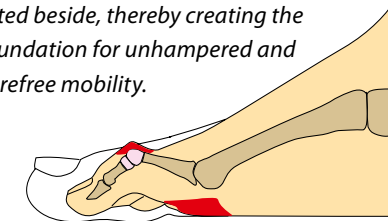

FinnStretch

FinnStretch Shoes are ideal for customers with following conditions:

- » Hallux Valgus (bunions)
- » Hallux Rigidus (arthritis of the big toe)
- » deformed toes
- » swollen feet
- » highly sensitive feet

Soft materials, shock absorbent soles and cushioned footbeds provide maximum comfort while fulfilling the orthopedic requirements specific to the conditions listed beside, thereby creating the foundation for unhampered and carefree mobility.

Our FinnStretch Collection is likewise tailored to ideally fulfill the needs of those suffering from rheumatism or diabetes. FinnStretch shoes have an ample toe box. The forefoot (vamp) width is generous and the heel fits securely to provide optimal foot motion guidance.

FinnOrtho

... and my feet feel great.

189 million people worldwide live with diabetes. When the disease is diagnosed too late or poorly controlled, it may lead to the possibility of developing diabetic foot syndrome. Vascular and neurological abnormalities caused by diabetes frequently damage the foot. Neuropathy, decreased blood circulation through arteries of the lower extremities, wounds that do not heal, even amputation of the foot is not uncommon in a diabetic. Well fitted and high quality extra depth therapeutic walking shoes can help counteract this syndrome before foot ulcers occur or an amputation becomes imminent. If you suffer from repeated foot sores or have wounds increasingly difficult to heal, then FinnOrtho by FinnComfort® is the perfect shoe for you. With all the features and advan-

tages of FinnComfort's® popular Prevention Series for sensitive feet, our new FinnOrtho collection includes the benefit of the specifically designed FinnComfort® rocker sole which reduces pressure on the foot and stimulates circulation. The natural rolling motion is maintained even in combination with the optional rigid midsole which supports the foot by absorbing static and dynamic stress, preventing harmful isolated pressure points and stabilizing the gait of partial amputees. In addition, a NEW ultra soft footbed with an antiseptic lining and stable support system is available upon request and sold separately. Thus protected and minimally stressed, wounds can heal and dangerous infections can be avoided.

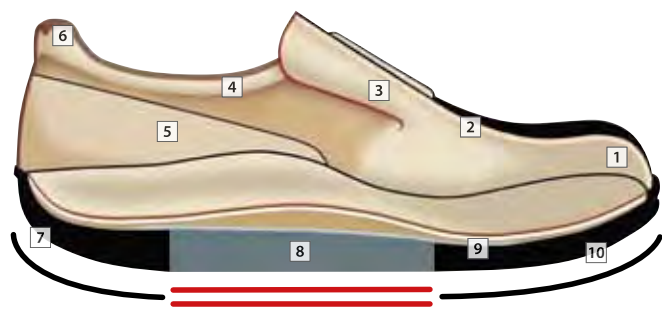

97700 Form »FinnOrtho«
97910 (with rigid reinforced midsole)

97701 Form »FinnOrtho«
97911 (with rigid reinforced midsole)

Colour	Leather	Sizes	
creme	Spona cowhide	3 - 9	
black	Spona cowhide	3 - 12	
coffee	Spona cowhide	6 - 12	

- 1 Anatomically designed, softly cushioned vamp** to protect toes and forefoot from pressure points
- 2 Seamless textile lining in the forefoot** is antiseptic, breathable and easy-to-clean
- 3 Wide opening** allows more room for easy foot entry
- 4 Cushioned collar and tongue for extreme comfort** prevents the danger of pressure sores

- 5 Extended heel counters** guarantee stability and heel motion guidance
- 6 Raised rear topline** reduces heel slippage, even with thicker insoles
- 7 Shock absorbing rocker sole** encourages a softer heel strike and smooth natural gait
- 8 Wide and level surface** for a secure and relaxed stand
- 9 Midsole/Optional reinforced rigid midsole** also available
- 10 Rocker tip** promotes the natural forwardrolling action

Our expertise for your feet.

Quality lies in the details.

Great precision is evident in all stages of development and production. Decades of experience, great skill and expertise make FinnComfort® what it is today: a product of unsurpassed excellence meticulously handcrafted exclusively in Germany according to the most rigorous quality standards.

Over 60 years of footwear manufacturing experience and comprehensive medical knowledge are your assurance that FinnComfort® will meet and exceed the highest quality expectations – **made in Germany.**
